

LAMILUX Composites at Motorhome Caravan Show in Birmingham

Highest quality standards for the caravan industry

From October 17 to 22, the known GRP manufacturer LAMILUX Composites will be exhibiting at the Motorhome and Caravan Show in Birmingham, the UK's largest leisure vehicle show. As a producer of glass-fiber reinforced plastics, LAMILUX Composites is setting new standards in the caravan industry with its UV, hail, rust and dent resistance. The GRP specialist can be found at booth 95 in hall 20.

LAMILUX Composites is a German GRP manufacturer and market leader throughout Europe with its high-tech materials. LAMILUX Composites' fibre-reinforced plastics are distinguished by decades of experience in the European and American caravan market and the highest quality standards in Germany.

Tailor-made composites for every type of motorhome

GRP is used as the material of the future for the inner and outer face sheets of side walls, roofs, floor constructions, rear garages and underbodies of all well-known caravan and motorhome manufacturers. LAMILUX Composites offers tailored solutions for every application. When installed in the roof, LAMILUX Xtreme impresses as an extremely durable hail protection roof; when it comes to interior design, LAMILUX Composites Floor as the floor material, LAMILUX LAMIGraph as a wall panelling and LAMILUX LAMIfamtext for the interior roof panelling meet all of the customer's design requirements. LAMILUX Anti Slip Style as a visually attractive floor in rear garages, Woven Roving Impact as

stone chip protection in the underbody and the world innovation Sunsation® as the outer side wall complement the manufacturer's product portfolio, ensuring that motorhomes can easily withstand the challenges of everyday life.

New products: World's most UV-resistant GRP face sheet

LAMILUX Sunsation® represents the long-awaited revolution in fibre composite plastics and completely redefines the standard for exterior applications. The innovative gelcoat technology features 20 times better UV resistance than the gelcoats currently available on the market, broadens the horizons in terms of image, appearance, care and value and makes investments look like new, even after decades in the sun.

About the Motorhome and Caravan Show

The Motorhome and Caravan Show in Birmingham is the largest recreational vehicle show in the UK! In a total of 11 halls, visitors can compare the wide range of motorhomes, caravans and campervans from various British and European manufacturers or discover camping accessories, from solar panels or internet solution, to tableware and furniture. In addition, tour operators and campsite operators from the UK and Europe will present themselves.
