

LAMILUX Composites at Caravan Salon 2023, Hall 13 Stand A85

Innovative materials for limitless travel

From 25 August to 3 September 2023, caravan fans from all over the world will convene once again at the Caravan Salon in Düsseldorf. True to the motto “Passion that connects”, visitors are inspired by the range of camper vans, caravans, camper vans, equipment and destinations on display there. Also present at the world’s leading trade fair for mobile travel: GRP manufacturer LAMILUX Composites. Thanks to UV, hail, rust and dent resistance, value retention of the camper van and peace of mind for owners, the fibre-reinforced plastics set new standards as a face sheet for sandwich panels or as panels in the caravan industry. The GRP specialist can be found in Hall 13 at Stand A85.

LAMILUX Composites is a German GRP manufacturer and market leader throughout Europe with its high-tech materials. LAMILUX Composites’ fibre-reinforced plastics are distinguished by decades of experience in the European and American caravan market and the highest quality standards in Germany.

Tailor-made composites for every type of motorhome

GRP is used as the material of the future for the inner and outer face sheets of side walls, roofs, floor constructions, rear garages and underbodies of all well-known caravan and motorhome manufacturers. LAMILUX Composites offers tailored solutions for every application. When installed in the roof, LAMILUX Xtreme impresses as an extremely durable hail protection roof; when it comes to interior design, LAMILUX Composites Floor as the floor material, LAMILUX

LAMIGraph as a wall panelling and LAMILUX LAMIfamtext for the interior roof panelling meet all of the customer's design requirements. LAMILUX Anti Slip Style as a visually attractive floor in rear garages, Woven Roving Impact as stone chip protection in the underbody and the world innovation Sunsation® as the outer side wall complement the manufacturer's product portfolio, ensuring that motorhomes can easily withstand the challenges of everyday life.

New products: World's most UV-resistant GRP face sheet

LAMILUX Sunsation® represents the long-awaited revolution in fibre composite plastics and completely redefines the standard for exterior applications. The innovative gelcoat technology features 20 times better UV resistance than the gelcoats currently available on the market, broadens the horizons in terms of image, appearance, care and value and makes investments look like new, even after decades in the sun.

About Caravan Salon

Caravan Salon is the world's largest trade fair for camping and caravanning and has made Düsseldorf the international capital of mobile leisure since 1994. Visitors can compare and buy motorhomes, caravans and camper vans in a wide variety of ways, as well as discover vehicle technology, components and attachments or caravanning accessories and much more.
